The Lincoln County Safety Committee is currently researching updated training materials for all the departments to use for their monthly safety meetings. Also watch for news about possible mini training sessions about fire extinguishers, first aid, bloodborne pathogens, safe evacuation plan...to name a few. We will keep you informed.

Our goal is to communicate effectively with all departments. Look for the ***Safety Corner*** of your Lincoln County Connection Newsletter. Keeping all of you updated on any safety news is important to us!! Feel free to contact anyone on the safety committee for any safety issues.
