# Press Release

**Wednesday, October 7, 2009**

**Libby, Montana:** The Board of Lincoln County Commissioners announced today that during the month of October, the County will waive all fees and taxes on non-livable mobile homes delivered to the County Landfill sites in Libby and Eureka for destruction.

Chairman John Konzen noted “that this is an effort to help clean up our County. There are many abandoned mobile homes around that are a danger to the public as well as very unsightly for neighbors.”

People wanting to take advantage of this waiver will be responsible to have the mobile home delivered to one of the two sites. A free moving permit is available through the County Treasurer's Office. Arrangements for delivery should also be made through the Landfill sites. The phone number for the Libby Landfill is 293-7146. The Landfill in Eureka can be reached at 889-5117.

“We hope that this trial program will be a success” added Commissioner Tony Berget. “We have had a lot of requests for this type of plan.”

Currently, it is required that all taxes be paid on a mobile home before a moving permit can be issued. There is also a disposal fee at the landfill. Commissioner Marianne Roose commented “We hope that by waiving these fees and taxes that many people will take advantage of this program. Many mobile homes have been abandoned in the County or were collapsed by snow during the winter and are unlivable.”

For further information on this program, please call Kathi Hooper, Director of Environmental Health, at 293-7781, ext. 231.
